Full job description

Your new company

Based in the Eastern Suburbs, my client is seeking commercial window fabricators and window installers to help with their busy pipeline of work. With projects booked through until the end of the year, they are looking to add on more permanent staff members to their ever-growing team.

Your new role

As a window installer, you will be working as part of a dynamic team, focusing on delivering a quality finish as well as the following:

- Installing windows and doors
- Framing
- Installation of curtain wall systems
- Sub-head & sub-sill work

If you were going to be working in the factory as a fabricator, you will be:

- Cutting and processing of aluminium
- Framing and glazing based on different job specifications
- A keen eye for detail and care is also highly regarded.

What you'll need to succeed

Experience and competence using power tools is a must for both roles. You must have a can-do attitude with a willingness to learn as well as a high quality work ethic.

If working onsite as an installer, you will require a white card and your own power tools.

What you'll get in return

Full time position on offer with a view to go permanent for the right candidate. The company is offering above award rates of pay on top of a fantastic working

environment and a solid team of people.

What you need to do now

If you're interested in this role, click 'apply now' to forward an up-to-date copy of your CV, or call Demi now on 0448 462 851.

If this job isn't quite right for you but you are looking for a new position, please contact us for a confidential discussion on your career.
