Full job description

Your new company

This leading NSW builder is well established and is enjoying a current strong period of growth having recently secured a number of in-demand projects. They specialise in delivering a diverse scope of projects for Government buildings. In addition to winning multiple projects recently they also have a strong pipeline of work and continued career development. This organisation has an excellent reputation for delivering high quality project on time, within budget and supporting local subcontractors. This company is heavily focused on creating and maintaining a well-balanced professional and enjoyable working environment for its staff.

Your new role

Due to continual growth and a healthy project pipeline, they require an experienced Site Manager to join their team on a permanent basis. As Site Manager, you will be responsible for the day to day running of the site. This includes quality, OH&S, subcontractors and working closely with the Project Management team to ensure the project is delivered in budget, on time and to a quality and safe standard.

What you'll need to succeed

To be considered for this role you must:

- Hold previous Site Management experience
- Proven experience delivering building projects
- Have relevant trade qualifications within the Building and Construction Industry
- Construction Industry cardholder (White Card)
- Attention to detail, excellent work ethics combined with exceptional communication skills to liaise with a range of shareholders.
- Knowledge of Hammertech, Estimate One & MS Project

What you'll get in return

An attractive remuneration package will be offered to the successful candidate based on their experience and qualifications.
